## A Public Call for Peace

A number of peace, community, environment and faith organisations are planning to place an advertisement in a national newspaper calling on the Australian government not to involve Australia in a war with China over Taiwan; to sign the UN Treaty to Prohibit Nuclear Weapons; and direct public spending away from AUKUS (Australia UKUS) war preparations to urgent social and environmental needs.

### National Newspaper Advertisement

*"We call on the Government of Australia in the interests of peace and security for the Australian people and the region:*

- To advise its AUKUS partners that Australia will not be involved in a war against China over Taiwan or disputed territorial waters in the South China Sea, or any other country, and will not allow use of Australian territory for that purpose*
- To sign and ratify the United Nations Treaty on the Prohibition of Nuclear Weapons*
- To cancel military spending for AUKUS war preparations, including cancellation of the acquisition of nuclear-propelled submarines, so that urgent domestic social needs (climate change mitigation, education, health including public hospitals and housing) can be better addressed."*
